The screenshot shows the Mentor Graphics website for the ModelSim PE Student Edition. The browser address bar displays the URL: www.mentor.com/company/higher_ed/modelsim-student-edition. The page features a dark blue header with the Mentor Graphics logo and navigation links: Products, Solutions, Training & Services, Company, Blogs, and a red SUPPORT button. A search bar is located on the right. Below the header, a breadcrumb trail shows: Home > Company > Higher Education > ModelSim PE Student Edition. The main content area is titled 'ModelSim PE Student Edition' and includes a description: 'Free download of industry leading ModelSim® HDL simulator for use by students in their academic coursework.' A prominent blue button with a red plus icon, labeled 'Download Student Edition ModelSim PE', is highlighted with a red rectangular box. To the left of the main content is a sidebar with various links: News Room, Events, Careers, Executive Team, Industry Keynotes, Investor Relations, Office Locations & Worldwide Distributors, Partners and Foundry Support, Higher Education Program (highlighted in red), Technical Support, Applications and Renewals, Regional Partners, Training, and Environmental. Below the main content, there is an 'About ModelSim PE Student Edition' section with three columns: Highlights, Target Use and Upgrades, and Performance. The Performance section lists capacity and performance metrics. At the bottom right, there is a thumbnail for a 'ModelSim Simulation of Waveforms and Debug Demo for Beginners PRODUCT DEMO'.

主旨: ModelSim Student Edition License

Dear WANG,

Thank you for downloading and installing ModelSim PE Student Edition.

Enclosed is your license key. In order to complete the installation you will need to carry out the FINAL INSTALLATION INSTRUCTIONS detailed below.

NOTE - Please note that this license key will only work on the host computer on which you ran the product installation; it is not transferable to any other computer.

FINAL INSTALLATION INSTRUCTIONS
=====

1) Save the attached file with the name 'student_license.dat' to the top level installation directory for ModelSim PE Student Edition (e.g., c:/modeltech_pe_edu). This is the directory that contains that sub-directory 'win32pe_edu.'

2) Do not edit the file 'student_license.dat' in any way, or the license will not work.

3) You should now be able to run ModelSim PE Student Edition.

LICENSE KEY EXPIRATION AND RENEWAL
=====

1) This license key is valid for 180 days from the date of the license request. You will receive a warning message 14 days before the expiration of the license key.

2) When your license key expires, you may continue to use ModelSim Student Edition. However you will need to download and install a new copy of the tool from <http://go.mentor.com/33rqm> in order to receive an updated license key.

DOCUMENTATION AND TUTORIALS
=====

A product tutorial, is available for download from the Mentor Graphics website at <http://go.mentor.com/33rqm>

Please remember that there is NO CUSTOMER SUPPORT available for this free download.
